

Hell's Kitchen/Hudson Yards Alliance

MEMBERSHIP FORM

The Hell's Kitchen/Hudson Yards Alliance was formed to provide a balanced community response to the New York City's Administration plans to redevelop the West Side of Manhattan from 28th to 42nd streets, west of Eighth Avenue. The Alliance will bring together community, civic and business organizations and local elected officials from Hell's Kitchen/Clinton and Chelsea, and from across the city.

INDIVIDUAL MEMBERSHIP: I endorse the Hell's Kitchen/Hudson Yards Alliance mission statement and agree to be listed as a member.

Hell's Kitchen/Hudson Yards Alliance

MISSION STATEMENT

The Hell's Kitchen/Hudson Yards Alliance was formed to provide a balanced community response to the New York City Administration's plans to redevelop the West Side of Manhattan from 28th to 42nd streets, west of Eighth Avenue. The Alliance will bring together community, civic and business organizations and local elected officials from Hell's Kitchen/Clinton and Chelsea, and from across the city.

The Alliance is committed to maintaining and expanding strong residential and commercial communities on the West Side. To achieve this the Alliance will seek to:

- Encourage residential and commercial development at rational and balanced densities
- Preserve and produce affordable housing
- Create and enhance open space, parks and waterfront access
- Provide for social infrastructure such as schools and libraries
- Expand the Jacob K. Javits Convention Center
- Preserve and promote retail, commercial and manufacturing businesses
- Implement comprehensive traffic management and transportation plans

The Alliance believes that a West Side stadium is not consistent with the balanced development necessary to support strong residential and commercial communities on the West Side.

Our communities are at the center of the City and at the center of the region: our neighborhoods contain the regional infrastructure that serves hundreds of thousands of people daily. The needs of the City and the region must be balanced with the needs of the tens of thousands of people who live and work in the communities of Hell's Kitchen/Clinton and Chelsea.
